PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

***

Order No.LB.2622-61/LB.35-49-1.

Dated, Bangalore, the 9th September 1949.

The question of co-ordinating the work of the various local bodies working in Rural Areas has been engaging the attention of Government for some time past. There are three types of institutions now operating in this sphere, viz., the District Boards, the newly constituted Rural Development Committees and the Village Panchayets. To some extent, the functions of these bodies overlap and there have been representations from the public as well as by the members of the Legislature that appropriate modes of co-ordinating the work of these bodies and avoiding duplication of efforts and possibilities of friction should be devised. Following discussions on this subject at the recent sessions of the Legislature, Government agreed to have the whole question investigated. In pursuance of the same Government are pleased to appoint a Committee to examine and report on this matter.

2. The terms of reference to the Committee are:-

I. To examine the extent to which there is overlapping of work between the three bodies operating in the sphere of Rural Development, viz., the District Boards, the Rural Development Committees and the Village Panchayets.

II. To examine the possibility of integrating the activities of these bodies and place them on a statutory footing giving the fullest possible autonomy in the sphere of local administration.

III. To examine the sources of revenue to be assigned for the due discharge of the several functions under the new scheme which the Committee may formulate.

IV. To suggest

IV. To suggest measures for collaboration with the other Development Departments with a view to secure expeditious execution of the Development plans.

V. Generally to report on the most effective mode of speeding up development work in the State in a satisfactory manner.

3. In considering these terms of reference, Government trust that the Committee will take into account not only the experience gained so far in the sphere of Rural Development but also the great changes that have taken place so far and the keen desire manifested in the local areas for suitable opportunities for the exercise of the initiative, experience and public spirit so abundantly available in the country. The scope of the Committee's work will also include the development and co-ordination of the work pertaining to the amelioration of the Depressed Classes.

4. Government deem it desirable to introduce a Bill in this behalf at the next session of the Representative Assembly. The Committee is, therefore, requested to forward its report to Government by the end of September 1949.
